

Do you remember 2018 when 400 of us were able to gather in person in Panama?

After careful consideration and input from many of you around the world, we have decided that **C-21 will be a hybrid event**. A small group of regional representatives will gather in Rome, while participants around the world join us online.

Join us 16, 17, 18 November 2021 13:00 UTC for the ICETE Online Global Consultation

Format will vary each day: panelist discussions, brief presentations, break-out room activities, and local watch parties. We hope you and your team will join us!

Registration will open in May and more details will follow soon.

(And mark your calendars now for our 2022 in-person event: **14-18 November 2022**)
